Re: 1993 Synar Bill

There is enclosed an analysis of the provisions of the 1993 Synar bill that relate to regulation of cigarette ingredients. Also enclosed is a memorandum that we recently prepared for distribution to members of Congress explaining why the Synar bill should be rejected. Although Representative Synar is stepping up efforts to obtain support for his bill, no hearings are scheduled on the bill, and a comparable bill has not yet been introduced in the Senate.
